MISSING CHILDREN PROGRAM

Aurora Academy follows all legal requirements for enrollment of students. It is the responsibility of the parent / guardian to notify the school within 24 hours regarding all absences. If a child is absent for five days without notice, the school will make a report to the authorities.

Should Aurora Academy staff members become aware that a student is missing from their home, administrators will work with law enforcement to provide accurate information so that the child will remain safe at all times. Should a child who is suspected to be missing, school records be requested from another school, authorities will be notified to provide appropriate follow up.

Aurora Academy works to check the missing children's clearinghouse and to provide information regarding any student who is suspected to be missing from another school to the Ohio missing children's clearinghouse.
